25X1A

25X1A [REDACTED] Comment: For further information on COEBA, see [REDACTED]

25X1A [REDACTED]

[REDACTED] Comment: Both quantities and prices given above appear to be excessive. The market price for large consignments is about 20,000 lire per ton, at the factory. The prices above indicated are 32-35,000 lire per ton, too much even adding costs for transportation and FOB.
